Minnesota Technology Association

Rising Star Award

We are looking for applicants that are no more than 10 years into their role in technology or tech touching role (e.g. talent, HR, etc) who are emerging talent/rising stars in their organizations based on achievements to date and the promise of what they may accomplish in the future. Special consideration will be given to applicants that are not just making an impact in their own companies, but in the broader community as well.

Questions to consider:

- What rising star qualities are they/you showing in their/your role or in the community?
- What achievements, projects, or initiatives to date demonstrate a promise of what they/you may accomplish in the future?
- How has the work they/you have done impacted others, your company, and/or your industry?

Apply via [Microsoft Form](#) no later than September 3rd.

1. May be nominated by any MnTech member, MnTech board member, or self-nominated
   a. Self-nominations must be accompanied by a professional or community reference
2. You can find the nomination form here: https://forms.office.com/r/E4M7dTJDY0

Please note, this award category does not count toward the maximum submissions for the 2021 Tekne Awards.
